

The wheels in my head go round and round
Round and round, round and round
The wheels in my head go round and round
As I UNRAAVEL

I underline, predict, and number
Predict and number, predict and number
I underline, predict and number
As I UNRAAVEL

I read the questions and circle the words
Important words, important words
I read the questions and circle the words
As I UNRAAVEL

I venture through the passage
Venture through, venture through
I venture through the passage
As I UNRAAVEL

I eliminate by crossing out
The wrong answer, the wrong answer
I eliminate by crossing out
As I UNRAAVEL

I write the number where I found it
Found it, found it
I write the number where I found it
As I UNRAAVEL

I let the question be answered
Answered, answered
I let the question be answered
As I UNRAAVEL

The wheels in my head go round and round
Round and round, round and round
The wheels in my head go round and round
As I UNRAAVEL
